PROFESSIONAL EXPERIENCE

8/04-Present JMH ARCHITECTURE, Davis, CA

SOLE PROPRIETOR

JMH Architecture is a sole proprietorship business that specializes in residential remodels, custom homes, and energy efficient design. I offer a range of design services including hourly design consultation through full service design – site planning, schematic design, design development, 3D modeling, interior design, construction documents, bidding and negotiation, construction administration.

I am dedicated to providing creative design solutions that are based on my client's lifestyle needs.

11/02-7/04 MACAULAY + ARCHITECTS, Sacramento, CA

An architectural and interior design firm, specializing in commercial and residential projects.

SENIOR ARCHITECT – 11/02 – 7/04

Designed and managed multiple residential projects, including a 5-unit, 3 story townhouse project, an 8-unit senior co-housing project, a women's shelter, and various custom home and remodel projects. Interfaced with building department officials, coordinated a variety of consultants, and managed up to 3 draftspersons.

4/92-10/02 RIDGE BUILDERS GROUP Davis, CA

A design-build company, with up to 25 employees, specializing in residential remodels, custom homes, small commercial, and tenant improvement projects.

DESIGN DEPARTMENT MANAGER – 11/99 – 11/02

Oversaw design department, managed 2 draftspersons and 1 architect, conducted yearly employee reviews, developed and assigned weekly department tasks, generated monthly budget and project tracking reports, reviewed invoices and quotes, attended weekly production meetings with estimating and construction department heads, mentored 1 architect intern.

PROJECT MANAGER – 10/92 – 11/02

Projects personally completed: 160 remodels, 10 custom homes, and 1 restaurant:

Oversaw medium to large-scale design projects from site measure/programming through construction administration. Wrote specifications and guided clients through the materials selection process. Developed and maintained specifications resource library. Designed and implemented energy efficiency and recycling measures. Coordinated work with consultants (T-24, engineering, electrical, mechanical, & landscape). Developed and maintained relationships with clients, suppliers, consultants, and subcontractors. Reviewed and maintained project budgets. Typical work load: 7-13 projects in design and 3-7 in field.

ARCHITECT INTERN – 4/92 – 10/92

Learned phases of small scale residential remodel projects, assisted with Avid Reader tenant improvement in Sacramento.

06/90-03/92 G.M.S. & ASSOCIATES Cambria, CA

DRAFTSPERSON - INTERNSHIP

Performed architectural drafting at a 6-8-person office. Produced preliminary to complete working drawings for custom residential and small commercial projects. Drafting techniques included ink on Mylar and AutoCAD. Other tasks performed were incidental structural engineering, heat loss calculations, design work, code analysis, site analysis and surveying.

02/91-06/91 SAN LUIS SOLAR GROUP Santa Margarita, CA

DRAFTSPERSON - INTERNSHIP

Performed architectural drafting for a 2-person solar architecture office. Projects included custom passive solar homes and small community design for farm workers. Researched traditional neighborhood planning. Drafting techniques included pencil and felt pen on vellum.
